Remarks

Actions which are directed to be taken are not all that may be required of the kennel operator to come into compliance. The kennel operator is responsible for taking any and all actions necessary to come into compliance.

Inspection of the kennel took place on April 27, 2010. A total of 35 adults and 8 puppies were located on the premises at the time of the inspection. The kennel does not have a current 2010 kennel license. The inspection was performed with SDW Buhl and SDW Andrews.

***Actions directed to be taken below are not all that may be required of the kennel operator to come into compliance. The kennel operator is responsible for taking any and all actions necessary to come into compliance.

The inspection of April 27, 2010 is as follows:

Maintenance 21.21 (a)/207 (b)

Wardens observed crates that had sharp/chewed edges being used inside the housing facilities. Also several gates in the kennel had broken latches that did not contain the dogs.

This Warden directs the kennel owner to take the following action(s):

Indoor and outdoor housing facilities for dogs shall be maintained in a manner to protect the dogs from injury and to contain the dogs.

Water Resistance: 21.21 (b)/207 (b)

Wardens observed several kennels that had chewed wood and untreated wood.

This Warden directs the kennel owner to take the following action(s):

The interior building surfaces of housing facilities shall be constructed and maintained so that they are water resistant and may be readily sanitized.

Food/Water Receptacles: 21.28 (c)/ 207 (b)

Wardens observed food receptacles that had a build up of gunk and also were covered in feces and urine.

This Warden directs the kennel owner to take the following action(s):

Food and water receptacles shall be accessible to dogs kept in the kennel and shall be located to avoid contamination by excreta. The receptacles shall be durable and shall be kept clean. Self feeders and waterers may be used but be sanitized regularly to prevent molding, deterioration or caking of feed.

Sanitation: 21.29(b)/ 207 (b)

Wardens observed dirty crates that were used as primary enclosures. Kennels were not cleaned as mandated

This Warden directs the kennel owner to take the following action(s):

Primary enclosures for dogs shall be sanitized a minimum of once daily, and as often as is necessary to prevent an accumulation of debris or excreta or a disease hazard. A dog may not be placed in a primary enclosure previously occupied unless the enclosure has been sanitized.

Kennel Inspection

Housekeeping/Pests: 21.29 (c)/ 207 (b)

Wardens observed rodent droppings in several kennels and an accumulation of cobwebs.

This warden directs the kennel owner take the following action(s):

The kennel owner should keep the kennel and grounds of the kennel in good repair and clean. Exterior surfaces of the kennels need to be cleaned and kept in good condition. All sharp edges need to be removed and cannot come into contact with dogs. White fencing for puppy pens needs to be repaired or replaced. Rodent traps need to be placed in kennel areas to remove the rodent population,

Records Kept: 21.41(a)/207 (b)

Several records for the dogs in the kennel were not readily available upon request. The records that were in the kennel were incomplete.

This warden directs the kennel owner take the following action(s):

Complete records shall be kept on the dogs within the kennel or being transported in a primary conveyance as prescribed by section 207 of the act (3 P.S. 459-207), and the records shall be kept at the kennel location or, when applicable, shall accompany dogs being transported.

Record on State Forms 21.41 (b)/207 (b)

Several dogs that were observed in the kennel were not on the state forms as required.

This warden directs the kennel owner take the following action(s):

Kennels shall maintain records as required by section 207 of the act. Records shall be maintained on forms issued or approved by the Department.

Bill of sale 21.42/207 (b)

Bills of sale were not available for viewing.

This warden directs the kennel owner take the following action(s):

Bills of sale required in section 201 of the act (3 P.S. 459-210) shall accompany dogs at the kennel location and when the dogs are transported. Bills of sale shall contain the following information.

- (1) Previous Owner
- (2) Address of previous owner of the dog
- (3) Date of sale or transferal
- (4) Name and address of the purchaser of the dog. Description of the dog (sex, age, breed, and identifying marks)

Rabies Vaccination: 455.8

Wardens found dogs in the kennel and in the owner's home that did not have up to date rabies vaccinations nor was there proof of vaccinations

Re-check to be done and citations to follow. Humane agencies/ SPCA were notified of conditions in the
